

V-TRIM KNIVES **MADE IN USA**

Handles are insulated for use in Everhard heaters

■ **#MK39500**
FLAT V-NOTCH

Blade has a hand ground, single-bevel cutting edge with a V-notch.

■ **#MK39520**
RADIUS TIP V-NOTCH

Blade has a hand ground, single-bevel cutting edge with a V-notch. The tip is formed to a 1-1/8" radius to prevent snagging during use.

■ **#MK39540**
OFFSET FLAT V-NOTCH

Blade has a hand ground, single-bevel cutting edge with a V-notch. The blade is formed with a 1/2" offset at the handle, providing finger clearance during use.

■ **#MK39560**
LARGE RADIUS TIP V-NOTCH

Blade has a hand ground, single-bevel cutting edge with a V-notch. The tip is formed to a 5" radius to prevent snagging and to provide finger clearance during use. (Model **MK39820** is the same as the MK39560 but has a shorter, narrower blade, 3" x 3/4".)

MODEL #	DESCRIPTION	WEIGHT
MK39500	V Trim Knife, flat V-notch, 4" x 1" blade, 16 gauge (3/8" wide x 1/2" deep notch)	0.181 lbs.
